

SHOBHIT K. GAIDHANE

Java Full Stack Developer | AWS

7709769661 | shobhitgaidhane315@gmail.com | [Linkedin](#) | [GitHub](#)

Profile Summary

Java Full Stack Developer with expertise in Java, Spring Boot, React.js, Node.js, and MySQL. Skilled in building scalable web applications with RESTful APIs, authentication, and microservices architecture. Hands-on experience with AWS services like EC2, S3, RDS, and Lambda for cloud deployment. Passionate about problem-solving, performance optimization, and cloud-native development.

Skills

- **Technical Skills:** HTML5, CSS3, JavaScript, React.js, Java, SpringBoot , RestApi , Hibernate, AWS , Deveops, Python [Intermediate].
- **Tools:** VS Code, Eclipse, MySQL, Postman, Xampp, GitHub.
- **Soft Skills:** Web Designing, Problem-Solving, Communication, Time-Management, Creativity, Teamwork.

Experience

CODE B SOLUTIONS PVT.LTD (Intern)

Jan 2025 – Mar 2025

- Develop a secure authentication system with login and registration functionality.
- Implement role-based access control (RBAC) by granting Admin full system control (manage users & invoices) and restricting Non-Admin (Sales Person) to invoicing and limited features.
- Work with frontend and backend technologies to create a seamless user experience.
- Implement session management to maintain secure user sessions.
- Collaborate with the team to integrate the authentication system with the MIS and Invoice Generation System.

Projects

Full Stack Project (Book Store Management) | SpringBoot, Java, MySQL,ReactJs

Jan 2025

- User Authentication – Implemented secure login and role-based access.
- Book Management – Enabled Create, Read, Update, and Delete operations for books.
- Order Management – Users can place, update, delete, and view orders.
- Database Management – Utilized MySQL for efficient storage of user, book, and order data.

Java-SpringBoot Projects | SpringBoot, Java, MySQL,Postman

Nov 2024

- Also used SpringBoot for connectivity and security of project.
- Utilizes MySQL as its database management system.
- Developed a RESFUL API resume builder backend using Java,SpringBoot and MySQL handling user data.

PetStore,BookStore,Moblie (Backend) | Java, SpringBoot, Java, MySQL,Postman

Dec 2024

- User Authentication – Implemented secure login and role-based access control.
- Pet & Book Management – Enabled Create, Read, Update, and Delete (CRUD) operations for pets, books, and related products.
- Order Processing – Facilitated order placement, updates, tracking, and secure payment integration.

SwiftTalk (Frontend) | HTML, CSS, JavaScript, React.js, Node.js, Socket.io

Jan 2025

- Real-time Messaging – Implemented instant, bidirectional communication using WebSockets.
- User Authentication – Developed secure login and session management with JWT.
- Group & Private Chats – Enabled one-on-one and group conversations with real-time updates.
- Message Persistence – Stored chat history efficiently for seamless user experience.
- Typing Indicators & Read Receipts – Enhanced interactivity with live status updates.

Education & Technical Course

Higher Secondary Education , Maharashtra (12th) | Shri Mohanlal Rughwani Junior College .

Scored: 88.83% Grade: A+

Bachelor in Computer Science | MIT ACSC, Pune

Affiliated with Savitribai Phule Pune University | June 2024

Grade: A

Technical Course

Java Full Stack Development | Itvedant Education Pvt. Ltd. | Feb 2025

Scored: 83.79% Grade: A
